RESTORE HYPER WELLNESS

YOUR PROTOCOL STARTS NOW

WELCOME TO RESTORE.

Hi Jamie,

Your first Cryotherapy session is on the calendar for Saturday. Two-to-three minutes in sub-zero temperatures — and a body that may help to recover faster, sleep deeper and feel its edge by next week.

We've got the rest covered.

The basics for Saturday

Your Studio Manager is **Maya**. She'll meet you at the door. Wear comfortable clothes you can move in. No special equipment needed. We'll walk you through the studio and your starting protocol before your first session.

Here's what to expect:

- ◆ The cold sounds intense — it's only 2-3 minutes and most Clients describe it as energizing, not shocking
- ◆ We'll recommend a 3-5x weekly protocol based on your wellness goals — no pressure, no rush
- ◆ Your Membership starts after your first visit — with roll-over credits and Member-only pricing

See you Saturday.

— **Maya, Studio Manager, Restore Boulder**

P.S. If Saturday doesn't work, just hit reply. We'll get you on a different session — a real human reads these.
